### ABE COAKLEY CAUGHT. SAM DAY IS A GOOD LEADER.

The Bold Bank Burglar Accused of Highway Robbery.

He Goes to Court to Help His Pal and Is Recognized.

Was He Williams's Partner in Robbing Israel Herskkowitch?

Abe Coakley, the bank burglar, was made a prisoner by Sergt Dennis Cabill at the Essex Market Police Court this morning.

He had come to court to help his friend, James Williams, the ex-convict who last night while on a Grand street car stole \$545 from Israel Herskkowetch, of No. 96 Cannon street. Williams had a companion, who escaped with the money, and when the complainant caught sight of Coakley's face,

"That is the other man who robbed me." Sergt, Cahill kept watch that Coakley did not leave court, and waited to see what Coakley would do.

Coakley subsequently arose, and approaching Williams, who was standing at the bar,

asked
"What can I do for you?"
"Get me a lawyer," answered Williams.
Coakkey promptly retained Lawyer John C,
Fraser, and then Sergt. Cahill stepped up
and arrested Coakley, who appeared to lose nerve at once.

What are you arresting me for," Coakley

He was promptly arraigned before Justice Duffy, where he proclaimed his innocence and said that he had slept last night at Coney Island.
"What brought you here?" asked Justice

Duffy.
"I came here to get a lawyer for my friend," he answered.

"There's a strong case against you," said the Court. "You are identified by the com-plainant as Williams's companion. You came here this morning and retained a lawyer for him. It's very strange that you should know this other thief." this other thief."
"Say, you duffer," Coarley said to the complishmen, "will you swear that I was with this man last night?"
"I will; I'm positive that you are the man."

You lie," exclaimed Coakley, beside him-

self with rage, "——you."

"Take him to Police Headquarters and let Inspector Byrnes fasten this crime on Coakley," said Justice Duffy.

Before Williams was brought to court he was taken to Police Headquarters and was identified by Inspector Byrnes as an ex-constit.

Williams was held in #2,000 bail for trial. Williams was held in \$2,000 ball for trial.

Abe Coakley was implicated in the Manhattan Bank burglary, which was robbed on Oct. 27, 1878, of \$2,747,700 in money and scurities, and was arrested for attempting to rob the Deep River Bank at Deep River. Conn. He has always associated with the boldest of the bank burglars, but has managed to keep clear of conviction.

SPECIAL TO THE WORLD. ] ALBANY, N. Y., Jan. 25 .- The Republican enators have a project under consideration for holding a conference on all the bills to come up this session affecting the salaries of the judges n different parts of the State. One of the bills s to raise the salaries of the Supreme Court Judges throughout the State from \$6,000 to \$9,200. Another is to increase the salary the New York Surrogate from #12,00 to \$17,000, and there is a large host of county judges who feel that they should get more money for their labors. Judge Stevens appeared before the Assembly Judiciary Committee to-day and asked to have his salary increased from \$3,000 to \$6,000. The Committee thought this was too much, and put it at \$5,000. Many of the Republican Senators, it is said, are determined to stop all efforts to increase salaries of officials in New York City. Aitogether there are so many bills calling for appropriations that, if they should all pass, the State would have to expend nearly \$3,500,000. In view of all this there is decided opposition among the Senators to the Assembly bill now in the Senate appropriating \$125,000 for the exnore money for their labors. Judge Stevens ap-

INPECIAL TO THE WORLD. 1 Sr Paul, Jan. 25.-There was a lively hum round the Senate Chamber yesterday that indicated that some one was going to be roasted. The Senators did not like John Day Smith's bitter speech on Senator Hixon, and Senators Scheffer and Whiteman gave it out that Smith was going to get tit for tat. After the usual was going to get tit for tat. After the usual number of petitions for constitutional prohibition had been presented, they jointly offered a recolution which declared that Mr. Smiths personal attack upon Senator Hixon was a direct insult to the Senate and denounced Mr. Smith as "beneath the respect of the Senate and unworthy of its notice or consideration."

Mr. Whiteman made a short speech, in which he said:

he said:

The North German Gazette says "No treaty regarding the neutrality or independence of Samon exists between Germany and the United | true. States.

In his last message to Congress the President says: "Acting within the restraints which our Constitution and laws have placed upon Executive power, I have insisted that the autonomy and independence of Samoa should be scrupulously preserved according to the treaties made with Samoa by the Powers named (Germany, Great Britain and the United States) and their sgreements and understanding with each other. I have protested against every act apparently tending in an opposite direction, and during the existence of internal disturbance one or more vessels of war have been kept in Samoan waters to protect American citizens and

waters to protect American chizens and property."

Senator Edmunds has this to say of the situation: "I suppose if Bismarck wants to express his opinion upon any subject he feels at, perfect liberty to do so, but I also suppose that the expression of such opinion will not serve to deter the American people from carrying out any policy they may adopt as deserve to deter the American people from carrying out any policy they may adopt as desirable or necessary. The Samoan Islands are on the highway of commerce across the Pacific Ocean, and are of great importance with relation to the development of the trade via the projected canals across the Isthmus of Panama and across Nicaragna. To a power whose ships are sent on long cruises the establishment of coaling stations is a necessity, and the location of one on the central island of the Samoan group, as provided for in the proposed amendment to the Diplomatic and Consular Appropriation bill reported by the Committee on Foreign Relations, is looked upon as one of great importance to us."
